Core Competency

JetCo Federal provides specialized supply chain services, focusing on sourcing, distribution, and packaging in addition to traditional third-party logistics. We are a WBENC-certified woman-owned small business with a national reach due to our redundant supply chain of highly qualified manufacturers. Our successful past performance sourcing and managing high-quality, diverse products for complex contracts demonstrates that we are a low risk solution for our clients. We are ISO 9001:2015 and NIST 800-171 compliant, allowing us to service projects with demanding requirements. We understand that the smallest item can have a big impact on operations. That's why we consider every delivery a win, and we're committed to re-winning every day.

“Management is very knowledgeable of their product, extremely attentive to the customer’s need, and exceptionally accommodating to providing information, when requested, in a timely and expedient manner. Given what I know today about the contractor’s ability to perform in accordance with this contract or order’s most significant requirements, I would recommend them to similar requirements in the future.”
