Core Competencies

Government agencies and prime contractors rely on JetCo Federal for packaging, logistics, warehousing, order fulfillment, and warehouse consumables. We effectively fill gaps in our customer’s core or supportive processes, enabling focus on their missions or their manufacturing excellence. JetCo Federal excels in logistics, supply chain management, and contract administration, resulting in redundant, qualified suppliers and cost efficiencies for government and primes.

Capabilities

- Supply chain qualification and management
- Order fulfillment
- Packaging supplies and packaging engineering
- Warehousing and storage
- Logistics and transportation
- Pallets, packing and safety supplies
- Assembly / kitting

Differentiators

- Single source solution for warehousing
- National network of vetted, highly qualified manufacturing partners
- Diverse, redundant sources of supply ensure uninterrupted deliveries and avoid supply chain challenges
- Mastery of industry and raw material trends which affect pricing and demand management
- Operationalized ISO 9001:2015 registration
- Contract compliance with FAR, DFARS, GSARS, NIST SP800-171
- Fulfillment for hard to source or obsolete parts
- Demonstrated, impressive past performance on complex contract requirements
- Dedicated government sales team and more than 16 years of DoD experience

Clients

- Defense Logistics Agency
- Internal Revenue Service
- UNICOR / Federal Prison Industries
- Department of the Army
- Department of the Navy

Past Performance

Defense Logistics Agency SP3300-18-D-0006 \$21,874,846
 Five-year firm-fixed price IDIQ to produce and deliver single wall, double wall, and triple wall weather-resistant corrugated fiberboard shipping boxes; single wall and double wall domestic corrugated fiberboard shipping boxes; and single wall, double wall, and triple wall corrugated fiberboard sheets to DLA-operated warehousing and distribution sites. We deliver 118 CLINS to 52 DoDAACs across the country with no predictability in the ordering cycle, and at a five unit minimum.

Department of the Navy N00164-23-D-S002 \$250,000
 Three-year firm-fixed price requirements contract to deliver customized packaging components to support the Naval transducer reset program. Requires management of seven manufacturers to support the manufacturing and delivery of 14 CLINS to a secure facility. This is the second contract held; JetCo won the recompetes in 2023, which expanded the program. We’ve been supporting the Navy on the program since 2019.

Internal Revenue Service Multiple contracts since 2009
 Delivery of corrugated custom 1040 boxes to multiple IRS Service Centers across the country; deliveries occur on a pre-determined schedule to ensure monthly inventories are maintained.

“Management is very knowledgeable of their product, extremely attentive to the customer’s need, and exceptionally accommodating to providing information, when requested, in a timely and expedient manner. Given what I know today about the contractor’s ability to perform in accordance with this contract or order’s most significant requirements, I would recommend them to similar requirements in the future.”

- DLA CPARS
